

Are you there yet?

OUR HOME, DUBAI. OUR REACH, THE WORLD.

FEBRUARY 2006

DAE Capital launches

We can get you there.

A man in a dark suit and light-colored shirt is seated in an airplane cabin, looking out of a large oval window. The window is brightly lit, creating a strong silhouette effect on the man's face and hair. The cabin interior is visible, including the window frame and part of the seat.

MAY 2007

Bob Genise joins DAE

AUGUST 2007

Core team assembled
to launch DAE Capital

How?

CONFIDENT. KNOWLEDGEABLE. ACCESSIBLE.

DAE Capital is an enterprise focused on building a world-class, aircraft leasing business equipped with a state-of-the-art portfolio. Aside from providing competitive financing, DAE Capital is well-positioned for 2010 product delivery as well as a long term substantial growth rate until 2020. Our foundation as a business depends on the success of several factors — location, long-term expertise and a complete package of value-add services.

NOVEMBER 2007

DAE Captial announces two purchase and lease-back agreements with GECAS and Emirates, totaling 30 planes and 2 letters of intent with Boeing and Airbus for 100 aircraft each.

POSITIONED FOR SUCCESS.

We come from the financial services sector of Dubai. If you don't know Dubai, you should. It is a forward thinking, rapidly growing, 21st century city with a can-do attitude. Everything done in Dubai is superior. The standards of excellence are high.

This is our launching ground.

JANUARY 2008

\$500 million purchase of 8 Airbus aircraft.

WE'VE DONE THIS BEFORE

We are a team of professionals. We combined long-term expertise that is recognized individually as well as globally — and we are known by the industries we serve. At DAE Capital we focus on creative solutions knowing that every customer is different financially, experientially and culturally. We provide a delicate balance between good service, quality product and team expertise reinforcing the ability and flexibility to leverage your assets for optimum performance and delivery.

MARCH 2008

Delivery of GECAS aircraft complete: \$1 Billion for 21 aircraft added to portfolio.

EXPERTISE MATTERS

The airline industry is cyclical. Foresight in planning is necessary and flexibility strategic. We don't have to tell you what you need but DAE Capital can help you manage assets so you can focus on what matters most: carrying passengers efficiently, comfortably and safely.

FINANCIAL DAE Capital is well-grounded in the finance and banking arenas. Our expertise in International banking, asset-based finance and leasing, capital markets and how-to funding in global financial markets allows us to offer strategic, attractive and creative lease options. We deliver structured, viable solutions for your specific needs.

AIRCRAFT MARKETING Our marketing team is poised to negotiate tailored solutions. Marketing representatives work directly with Technical associates to provide you with the package best suited to your needs. We identify your unique set of requirements and formulate a customization process that determines needs, oversees quality assurance, manages delivery process and maintains aircraft.

TECHNICAL We pride ourselves on forward thinking by customizing your aircraft with the most cost-effective solutions. Our technical team works closely with you to ensure vendors stay on schedule so that aircraft deliveries are timely. We transition aircraft with an ease and professionalism unprecedented in the industry. Building your aircraft with flexible configurations that meet both current and future needs positions DAE Capital as the industry leader to watch.
